

Klosters has come a long way from being a small mountain farming village in Switzerland. It's a popular ski destination and has evolved with a touch of class. The ski area is diverse and vast with 251km of pistes to explore in the area. The lift system is fantastic, and you can easily access the slopes of neighbouring ski resort Davos. You can enjoy incredible mountain views of the Bocktenhorn, Weisshorn and Scalettahorn.

Top Runs

- Beginners can practice their skills on the green and blue slopes of Madrisa mountain. Ideal for those looking to progress around the ski area.
- Intermediates can head to Küblis for a 2,000m vertical red run. This can be reached by taking great Gotschnagrat to Weissfluhjoch.
- Advanced skiers can enjoy the upper runs at Madrisa. The black piste 9a is a good, steep challenge.
- For off-piste opportunities, the Pischa area has fantastic freeride terrain. There's also some great off-piste runs off the back of the Jakobshorn.
