

Madonna di Campiglio is one of Italy's largest ski resorts with over 150km of downhill pistes on 51 individual tracks, plus 22km of cross-country trails. The resort offers sunny, snow-sure conditions and is best suited to beginner skiers and snowboarders, although there is terrain for both experts and intermediates. A 16-minute gondola ride links Madonna to the neighbouring Pinzolo which, with the extended Superskiramama lift pass, adds an extra 30km of mostly tree-lined, intermediate-friendly pistes.

Top Runs

- The nursery slopes at Campo Carlo Magno are excellent, but do involve a bus ride. The draglift here is not covered by the main lift pass.
- Groste and Pragalago have long, easy runs for more timid intermediates.
- The Amazonia black, from Pradalago back to the resort is a great run, usually in excellent condition, and the blue Pradalago Facile run is a lot of fun too.
- At Monte Spinale / Grosté is the extraordinary Spinale Direttissima black, beneath the gondola. A good run for an advanced skier with a relatively gentle start until a rather hairy final section.

Best for Après Ski

- **Café Campiglio**
Friendly atmosphere, it gets busy here as the slopes close.
- **La Zangola**
Cow barn converted into a flashy nightclub with DJs playing into the early hours.
- **Cantina del Suisse**
Wine bar where you can enjoy live music every night.

Recommended Restaurants
