

Voss is one of the largest ski resorts in Western Norway with 45km of groomed slopes to enjoy in the area. There are varied slopes for all abilities with some fantastic off-piste skiing too. Families will love the ski resort with an excellent ski school and brilliant ski-in-ski-out accommodation available. Off the slopes, Voss has plenty to offer with great restaurants and non-ski activities to enjoy. In the town itself, there's a wind tunnel experience, swimming pool, bowling, cinema and a shopping mall to explore. All this with an amazing alpine backdrop to admire whether you are on or off the slopes. A winter wonderland.
