

Zermatt is deeply enclosed between steep mountains, dominated overhead by the huge and striking Matterhorn. Zermatt is a typical Swiss town with a year-round population, which retains its character and history in farming and mountaineering, while still catering very much for the international clientele. The Zermatt ski area is linked to that of Cervinia, just across the border, and together they provide an impressive amount of piste mileage and some challenging off-piste. With some of the highest slopes in Europe, Zermatt offers snow-sure terrain, particularly well-suited for experts and more adventurous intermediate skiers.

Top Runs

- For exceptional advanced / intermediate runs that are best in the morning, try both Kelle (from Gornergrat) and White Hare (from Hochtälli to Breitboden).
- From Breitboden go on down to Gant, or to the mid-station of the Findeln chairlift, or to Riffelalp on a run that includes a narrow wooded path with a sheer cliff and magnificent views to the right.
- Try the runs at the top of the Furgg quad chair, which have a glorious setting at the foot of the Matterhorn.
- Don't forget to ski over to Cervinia – even basic intermediates can make the trip crossing at Theodulpas, rather than taking the harder Ventina run from Testa Grigia / Plateau Rosa.

Best for Après Ski

- **Papperla Pub**
Key rendezvous point that fills up at the end of the skiing day, with live music, heat lamps and a great atmosphere, very popular amongst the young.
- **Sparky's**
Probably the best value drinks in Zermatt, plus simple, good value food – thai curries, nachos and chicken wings.
- **Hotel Alex**
Smarter option, cool lounge bar, relax on a comfy sofa by the fire, or in the Scottish corner with one of the whiskies they offer.
- **MonoLoco Zermatt**
If you love a cocktail this is the place to be. This private bar is an incredible drinking experience. Make sure you book a table in advance.
